

Prolonged Exposure Therapy for Adolescents with PTSD Therapist Guide: Emotional Processing of Traumatic Experiences

By Edna B. Foa, Kelly R. Chrestman, Eva Gilboa-Schechtman

Oxford University Press Inc. Paperback. Book Condition: new. BRAND NEW PRINT ON DEMAND., Prolonged Exposure Therapy for Adolescents with PTSD Therapist Guide: Emotional Processing of Traumatic Experiences, Edna B. Foa, Kelly R. Chrestman, Eva Gilboa-Schechtman, Traumatic events, including sexual abuse, experiencing or witnessing violence, and natural disasters, are common among adolescents. A significant number of adolescents go on to develop posttraumatic stress disorder (PTSD), which can have a severe negative impact on well-being and functioning. These adolescents require professional help to free themselves of PTSD symptoms and reclaim their lives. This therapist guide presents a proven treatment for PTSD that has been adapted for the adolescent population. The program applies the principles of Prolonged Exposure (PE) to help adolescents emotionally process their traumatic experiences. A four-phase treatment, adolescents complete each module at their own rate of progress. The pre-treatment preparation phase includes modules on motivational interviewing and case management. During the first treatment phase, modules cover the rationale for treatment, information-gathering about the trauma, and common reactions to trauma. Modules in the next phase, exposures, comprise the core of the treatment. By systematically confronting situations associated with the trauma, adolescents overcome avoidance and fear. Recounting the memory of the traumatic...

Reviews

An exceptional pdf and the typeface utilized was fascinating to read through. It can be written in straightforward words and phrases instead of confusing. I am just quickly could possibly get a delight of looking at a written ebook.

-- Prof. Arlie Bogan

It is in a single of the best book. This is for those who state there had not been a well worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.
