Pearson Education (US), United States, 2016. Paperback. Book Condition: New. Reprint. 203 x 137 mm. Language: English . Brand New Book. As a veteran reader of some 500+ trading and investing books and having interviewed hundreds of authors, I never take the approach that you can believe what you read or hear about how to make money in the market, so I try their theory, system, or ideas. Jeff Augen s book lays down clear guidelines to his intraday options strategy that I can report were profitable in the style I trade. --Vincent M. Rowe, President, Online Trading Academy, Texas Augen s book breaks new ground with an indispensable and unique approach to evaluating option prices in different time frames. It also presents a new charting technique for evaluating very short-term trends lasting just a few minutes-a valuable technique for anyone who follows intraday markets. The statistical analysis and associated discussions around high-frequency trading are especially relevant in the modern financial world, which has come to be dominated by supercomputers and algorithmic trading. No serious stock or option trader should be without this book. --Sean Sztern, Alternative Strategies Group, Desjardins Securities, Montreal, Quebec Jeff Augen s work on day trading options pulls the curtain back and reveals insights from the world of very short-term options trading. In doing so, he reveals insights beneficial even for the longer-term option trader. Specifically, Chapter 3 on trading volatility distortions introduces the idea of 3-D implied volatility surfaces. Far from being too advanced, this chapter addresses complex volatility issues in plain English that every option trader can understand. I wholly recommend this book. --Steve Lentz, DiscoverOptions Minimize Your Exposure to Market Risk and Increase Profits by Trading in Very Brief Time Frames In today s turbulent markets, traditional trading strategies have failed to provide...
