Reviews

A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.

FREQ: A SHORT STORY

Createspace, United States, 2014. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.In a distant future, abnormal resonance frequencies challenge the lives of three safety engineers stationed on geothermal drilling stations in a way that they could never have thought possible. A short but powerful science fiction story that mixes elements of fiction with others based on rigorously-documented fact, paying creative homage to the most disparate assumptions about the very essence of our Universe.
