The man to whom the episodes narrated in this book refer has been personally known to me for ten years. We have hunted big game and explored together many a time in the African jungle; and as it is principally at my instigation that he has put the following account of his experiences into writing, I think it is due to him and to the public that I should make known my responsibility in the matter. It seemed to me that the adventures John Boyes underwent were something quite out of the common; in these matter-of-fact days they may be said to be almost unique.
