EDEXCEL MEDICINE AND HEALTH THROUGH TIME (SHP SMARTER HISTORY SERIES)

[DOWNLOAD](#)

Hodder Education Group Dez 2009, 2009. Taschenbuch. Book Condition: Neu. 280x215x17 mm. Neuware - The series: SHP Smarter History is the new approach to GCSE from the Schools History Project. It offers interesting lessons and comprehensive content plus step by step coaching in exam skills - using SHP's Exam Buster approach. This is the best of both worlds from the experts who know what good teaching is about and also know what the SHP specifications are all about. SHP Edexcel Medicine and Health, is a new course book for students taking the Edexcel Medicine development study. It covers all the relevant requirements of the Edexcel specification - both the Unit 1 development study and the Unit 3 Surgery Source Enquiry - but delivers them in the context of a motivating, enquiry led approach to ensure that your courses are interesting and motivating to teach yet still deliver good results for your students. Exam Busters At every relevant stage through the book there are 'ExamBuster' features ('Meet the Examiner' and 'Smarter Revision') that help blend exam preparation with historical learning so that by the end of the course students understand not only the period and its issues but also how they will be expected to think and write about this for the examination. Key features- All the required specification content - we haven't skipped bits!- Meet the Examiner spreads show students how to tackle the specific types of questions in the awarding body's examinations. Edexcel examiners and markers have been involved from the outset in planning and checking this course. - Smarter Revision units, built up from the beginning of the book, enable students to build their learning from the outset, using a range of techniques such as Memory Maps (recording key features of each period), Living Graphs (recording the development of themes...
