Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The John Colianni Piano Method Volume One: Maximizing Keyboard Technique, With The Matthey Exercises Volume One is an adaptation of the Matthey technique method for pianists, based on a recreation of my own instruction as a piano student. In this book, with text, notated exercises, illustrations, and a video demonstration link, the Matthey exercises are presented in step-by-step practice assignments. Matthey (pronounced ma-tay) is a little-known technique system, but it has proven its merit with the select group of pianists who've adopted it. This method has served as the foundation of my own technique, and, as a student, Matthey brought significant improvement to my technical skills, rapidly and lastingly, but without the requirement of long hours of practice. Matthey studies promote speed and quickness, accuracy, touch sensitivity, strength, dynamic range, and endurance at the keyboard. This method focuses extensively on posture and positioning at the piano, which is important to all applications of Matthey. In fact, the Matthey method involves the player's conscious involvement of many parts of his or her body. From the upper back...
