

Listening to Nature: Identifying, Sustaining and Replicating Organizational and Personal Growth

By Irvin L Scott

Outskirts Press, United States, 2007. Paperback. Book Condition: New. 211 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.Imagine what we could learn from nature. As we move into the 21st Century our world is faced with enormous challenges and opportunities. Never before have we experienced such growth in financial, intellectual, and human capital. The number of billionaires and millionaires is growing on a daily basis. The growth and innovation in the technology sector has been a catalyst for the unprecedented growth potential and caused this burgeoning prosperity to take on global proportions. As the saying goes, knowledge is power, and advancements in technology are enabling organizations and individuals across the globe to share that knowledge with the world in a matter of minutes. In his insightful work, *The World is Flat*, Thomas Friedman states; Individuals from every corner of the flat world are being empowered. Globalization makes it possible for so many people to plug and play, and you are going to see every color of the human rainbow take part. Let there be no doubt, many organizations and individuals appear to have made it to an economic promised land. But such is not...

Reviews

An exceptional pdf and the typeface utilized was fascinating to read through. It can be written in straightforward words and phrases instead of confusing. I am just quickly could possibly get a delight of looking at a written ebook.

-- Prof. Arlie Bogan

It is a single of the best book. This is for those who state there had not been a well worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.
