Throughout its history, the United States has experienced some outstanding periods that are unparalleled by any other nation. Such times of greatness have been achieved when this country most closely adhered to the faith-based morality intended by our founding fathers. A faith-based morality requires a belief that all humans receive their freedoms and unalienable rights from a Supreme Creator. That belief led to the formation of this nation. Greatness is achieved when government does most to extend such freedoms and rights to its own citizens and to all peoples of the world. Since the discovery of this nation by Columbus in 1492, the United States has been through periods of time that have been extraordinary in the results it has achieved for the rights of all human beings. In this book, the greatest moments of this country are compared to the morality the government followed during such periods.
